REPORT OF THE AUDITOR

This is to certify that the accounts and records of all officials of the Town of Langdon charged with the custody, receipt, and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls, as well as the entries in the book of records. Receipts were checked by source in so far as possible and totals of receipts and expenditures verified. All records are correct to the best of my knowledge.

REPORT OF THE FIRE DEPARTMENT

The year has been a little rough for losses. The fire at the Beaudry place resulted in the total destruction of the buildings. The alarm was long delayed and the connected buildings were all in flames before the first equipment arrived. Alstead got the first call from someone in Charlestown who saw the light in the sky. The two Departments, Alstead and Langdon, worked together with combined equipment.

The fire at the Bugby place was less disastrous, although the loss in power tools was heavy. This was brought under control by the Alstead tank truck operating on Mutual Aid. This piece of equipment is a great help to the whole community. The Langdon voters have seen fit to provide their town with fire fighting equipment that is sensible and reasonable; so that we rate an equal status on Mutual Aid with the larger towns. This means a lot in added protection. Here again at the Bugby fire the two departments worked together efficiently. The tanker was sent home reloaded.

The new equipment this year is 150 feet of 2½ inch hose. 1 piece of 1½ inch old hose was rendered useless. Repairs were made to the jeep truck, new points, spark plugs, and auxiliary light wires. New private property made available to the Department and the Forest Fire Service is a 500 watt flood light to be used with a generator which is also available.

This equipment was used at the Beaudry fire.

Drills were held as follows:

Place	Attendance
Town Hall	8
Arthur Marx	7
Charlie Lamb	10
Holmes	9
Tuthill	5
G. L. Porter	6
Bates	7
Mason	9
Choate	5
White Iron Bridge	6

The Langdon Fire Department is not too far from being adequate enough to rate a 33-1/3% reduction in fire insurance premiums for buildings within two miles of the Fire Station. Necessary qualifications we lack are: a minimum of 25 men, a fire house and a 500 gal. pumper. This last might be waived in view of the protection afforded by Mutual Aid.

GEORGE L. PORTER

REPORT OF THE FOREST FIRE WARDEN

The Forest Fire Wardens had a little more of a workout this year although no fire of serious proportions developed. A fire on the back road from Drewsville to Alstead and another at Kosson's on the main highway from Drewsville to Alstead caused the calling out of all the equipment and a large number of men. Both fires were quickly extinguished. The townspeople responded quickly, leaving their private business in the middle of the day. No such general alarm will be sounded if there is any way of determining what type of fire we have to contend with. But prompt response to the first call is good insurance; because the fires that get away are the expensive ones; and they can run into many thousands of dollars.

The training session for the wardens and deputies of the northern section of Cheshire County was held in Langdon this year on June 27th. Forty-five wardens were present. Water was relayed from Great Brook to Mrs. Mary Porter's upper field. The setting up of this completely operating line took 55 minutes from the time the first man arrived.

Royal Holmes, G. B. Porter, and G. L. Porter went to a State School for Special Deputies where the same problem was worked out on the State Reservation at Bear Brook. There were 85 men present at this training session from all over the State. This school is paid for out of State funds, with no expense to the town.

No special appropriation is needed at this time for the Forest Fire Section and no special equipment is needed.

There is a new law providing that the State will match up to \$25.00 appropriated by the Town for improving back roads and trails. In years past the Boy Scouts and the 4-H Clubs did some of this work for free. However, the type of work contemplated here would be more ambitious; and over a period of years, providing access jeep and truck roads.

SUPERINTENDENT'S REPORT

To the School Board and citizens of Langdon, I herewith submit my fourth annual report as Superintendent of schools.

The school opened with Miss Cleo Duncan as teacher of grades one, two and part of three and Miss Mildred Stearns as teacher of grades four, five and six and part of three. Due to illness it was necessary for Miss Stearns to resign and Mrs. Hazen of Sullivan was employed after Mrs. Gladys Hood of Charlestown substituted for a week. Mrs. Hazen who had not taught for many years found the position too difficult and resigned at the end of October. During this period of transition, the services of Mrs. Pauline Durling were secured in an attempt to relieve the difficult teaching situation of four grades and thirty pupils in one room.

Mrs. Barabra Putnam consented to teach even though her training at Keene Teachers College was for Home Economics. She is now taking additional training at Keene to further qualify her for elementary teaching.

The remedial work being accomplished by Mrs. Durling has shown definite pupil improvement in not only reading but in other subjects as well.

The present enrollment and census figures indicate that it may be possible to continue to teach grades one through six in Langdon. However if these numbers change during the summer months and the coming year, serious consideration must be given to an addition to the present building or payment of tuition for the sixth grade.

One of the major increases in the budget is due to additional transportation requirements.

Miss Florence MacIver is continuing her fine work as school nurse. She has examined and sent home reports as necessary and through her efforts absence due to illness has been kept to a minimum.

May I thank you as citizens and the School Board for your excellent cooperation and support. I know that you will make the right decision when the time comes to consider a building program.

Resectfully submitted,

RALPH H. MEACHAM, Superintendent

SCHOOL NURSE'S REPORT

This past year has been a most eventful one in the field of preventive medicine. Through the efforts of Dr. Jonas Salk and his co-workers a vaccine to be used in the prevention of Poliomyelitis was licensed and made available to all children in the first and second grades in schools throughout the country. This was a tremendous step toward stamping out poliomyelitis.

Co-operating under a nationwide program the State Department of Health conducted large clinics for the administration of the vaccine. In order for a child to receive the inoculations of the vaccine it was necessary for the parents of the child to sign a permission slip. Despite some of the unfavorable reports about the vaccine the re-

Model Gal. No. 11
sponse of the parents toward the program was very good. The enthusiasm of the children toward these inoculations was amazing. No unfavorable reactions were reported in our area.

Further clinics for the administration of Salk Vaccine are being planned. Children through the age of fourteen years are to be included in the next clinics.

It seems wonderful to think that at last there is available an immunizing agent capable of preventing paralytic polio and its many tragedies. This is certainly a very important step in guarding the health of our children, now and in the future.

Interest on the part of the parents is so very essential to the success of these programs. As always the parents have co-operated. It is very great pleasure to work with you and with your children. Combined interest of everyone is what brings about improved health programs for the children.

Respectfully submitted,

FLORENCE C. MacIVER, School Nurse
